

SPALDING SPECIFICATIONS

DATE: 3/26/13

MODEL NUMBER: 438132

DESCRIPTION: net winder

SPECIFICATIONS: The net winder is made of plasma cut A36 steel with two 1" round tubes through the inside. The net winder is designed to be used horizontally while winding up the net. Straps are provided to secure the net to the winder for winding. The net winder is designed for 36" nets and one meter nets. The mounting brackets are made of angle iron with a formed clevis welded to form a saddle for the winder. Optional cart and wall mount are available. The net winder can be bolted on most volleyball carts with an outside distance of no more than 49.5". The net winder is powder coated for long life.

Shipping Information: 60 x 12 x 12—18lbs.
