**MODEL NUMBER:** 438281

**DESCRIPTION:** Spalding Portable Volleyball Non-Winch Upright

The base of the upright is made of 3" OD x 5/32" wall high quality steel tubing. It is 41-11/16" long and has bright chrome finish for durability. The upright base incorporates a printed label that indicates the proper height setting for the uprights. The marks on the label are calibrated to bring a correctly tensioned net to regulation height. The base also has a cutout that aligns with the through bolt in the Portable Volleyball Units' mounting tube and ensures proper alignment of the upright.

Main body of the slide is made of 3-1/4" OD x 13 gauge wall high quality steel tubing. It is 56-29/32" overall long and has durable baked powder coat finish. . A spin lock assembly is used for height adjustment. There are two half-rings welded on the side of the slide for easy attachment of the net.

Spalding Portable Volleyball Winch Upright is packaged in 5" x 9" x 61" box and weighs 35 lb.
