WHERE THE GAME IS GROWN

Kiraly approached his longstanding partner, Spalding, the maker of the original “18 Panel” beach volleyball and current industry leader with the King of the Beach/US Open of Beach Volleyball Series, to create a net and net system of a quality to match Spalding®’s volleyball products. Karch and Spalding agreed to develop two new volleyball offerings: A stand-alone “High End” net that would deliver the same performance Karch was accustomed to on the pro tour; and a “Tournament Quality” portable net system that wouldn’t compromise the integrity of play, that could perform as well as permanent post systems, that would be simple to set up and take down, and that could be used on both Sand or Grass surfaces.
