DATE: 01/01/06

MODEL NUMBER: 438-116

DESCRIPTION: Freestanding Volleyball Referee Platform

GENERAL DIMENSIONS: The Spalding Freestanding Volleyball Referee Platform is designed for use with Spalding volleyball uprights. This platform does not require any special hardware for attachment. It is 84-3/4" (2153mm) high, 28-1/2" (724mm) wide and 39-3/4" (1010mm) deep. The platform is 44" (1118mm) above the floor and is 16-7/8" x 22-1/2" (429mm x 571mm). Pads are available and recommended for use with this product.

CONSTRUCTION: The freestanding volleyball referee platform shall be constructed of 1-1/4" (32mm) diameter steel tubing. It shall have two uprights on the net side of the platform and one cross brace on that side. The step side of the platform shall have three ladder rungs spanning two curved uprights, with safety tread on each rung. The platform shall be attached to the tubing structure at 44" (1118mm) above the floor. The platform shall be constructed of 14 gauge (1.9mm) patterned steel. There shall be a molded rubber foot on the bottom of each upright leg to protect the floor from scratching. The ladder side of the platform shall have two transport wheels attached, so the platform can be tipped onto the wheels and rolled to the desired location. It can be folded for storage. The platform shall be supplied completely assembled to the customer.

Shipping weight: 60 lbs.
